### DESIGN TIPS

Specialty molded shapes, some with iridescent highlights, are equally stunning as a base layer or when used as accent glass with other EAF base media layers.

### WARNING

Always follow Manufacturer's Instructions.

## MOLDED GLASS

Molded Glass allows for imagined shapes to take rounded form producing super shiny surfaces with an impressive gleaming quality. Jelly Bean shapes, the round droplets of Fire Beads and the somewhat abstract Large Iridescent Diamonds are very easy to handle and dazzling in their jewel-like appearance. Striking!

## PRODUCT FEATURES
