

Exclusive Aluminium FINISHES

STANDARD ANODISED FINISHES

Matt Anodised
MA

Gloss Anodised
GA

Anodisation is an electrochemical manufacturing process, that converts the surface layer of the aluminium into an anodic oxide, by passing an electrical charge through the material while it is immersed in an acid electrolyte bath.

STANDARD WHITE FINISHES

RAL 9010

RAL 9016

Our stock of standard white finishes includes RAL 9016, a bright white designed to complement any bathroom and RAL 9010, a softer pure white intended to complement the light in other rooms. These aluminium white finishes come in high gloss as standard. Additional finishes such as matt and semi-gloss are available as a special order.

Crocodile Textured is the chic skin effect, Dupont Micrograin is a matt textured sandy finish, Matt and Gloss Anodised finishes offer a sleek oxidised aluminium finish. Aluminium ANY RAL colours come in high gloss as standard. Other finishes such as matt are available as a special order.

WOOD EFFECT FINISHES

Wood Effect
WE

For a natural finish, our wood effect is achieved by computer-aided paint printed onto the aluminium radiator of your choice. Choose any wooden finish including teak, mahogany, walnut and oak.
