

Ultraheat radiator colours

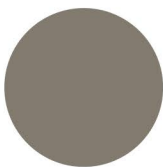

OUR KEY COLOURS & FINISHES

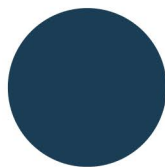

Compliment the customer's colour schemes - and introduce the custom and alternative finishes which are now available on many radiators. A Custom RAL colour finish, for example, would allow your customer to match their radiator directly to their chosen colour palette, not to mention the textures, wood effects and stone inclusions all available across the Ultraheat range.

Alternatively, a metallic finish can coordinate with other properties in the space, such as light fixtures or picture frames.

Radiators available in RAL colours are given with the 'Available in RAL Colours' icon.

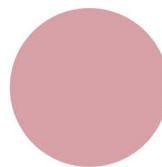

RAL 7003
Moss Grey

COLOURS

FOR COLOUR THAT BLENDS IN OR ONE THAT POPS OUT!

Selected radiators are available in a range of RAL colours and special finishes, so you can bring your chosen shade to your interior design.

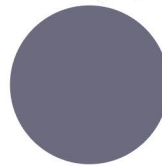

Custom RAL colours come in a gloss finish as standard, unless stated differently. The finish options are matt, gloss, semi-gloss.

Custom Metallic finishes are available in gloss and semi-gloss, please discuss your requirements with your representative.

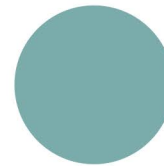

Please note: Finishes shown here are a small selection and any bespoke colour is available - contact us to find out more.

Prices are available on application.

RAL Classic is a universal colour matching system that defines colours for paint and coatings. This standardises a range of around 200 colours to guarantee uniformity.
